Dear Peter,  
Please accept our sincerest  
thanks for making Steve and David's  
wedding last Saturday so special.

We could not have asked for more,  
and a large part is due to your  
professionalism and personality.

On the surface it would appear  
to any of the guests that you were just  
the apartment, but we were fully  
aware of all the behind the scenes  
ducking and weaving that you had to  
do to ensure that image.

We contribute the success of our  
reception largely to you and we are very  
grateful.

Many thanks,  
Robyn and Peter Stephen
